INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the Library's independent auditing firm.

INDEPENDENT AUDITOR'S REPORT

Members of the Board of Trustees
Lemont Public Library District
Lemont, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Lemont Public Library District, Illinois, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Lemont Public Library District, Illinois, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Library, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and the budgetary comparison schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lemont Public Library District, Illinois' basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

Our discussion and analysis of the Lemont Public Library District financial performance provides an overview of the Library's financial activities for the fiscal year ended June 30, 2022. Please read it in conjunction with the Library's financial statements.

FINANCIAL HIGHLIGHTS

- The Library's net position decreased from \$2,743,622 to \$2,703,081, a decrease of \$40,541 or 1.5 percent.
- During the year, government-wide revenues totaled \$1,944,707, while government-wide expenses totaled \$1,985,248, resulting in a decrease to net position of \$40,541.
- Total fund balances for the governmental funds were \$884,869 at June 30, 2022 compared to a beginning balance of \$1,162,589, a decrease of \$277,720 or 23.9 percent.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Library as a whole and present a longer-term view of the Library's finances.

For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Library's operation in more detail than the government-wide statements by providing information about the Library's most significant funds.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Library's finances, in a matter similar to a private-sector business.

The Statement of Net Position reports information on all of the Library's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Library is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Library's property tax base, is needed to assess the overall health of the Library.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

USING THIS ANNUAL REPORT – Continued

Government-Wide Financial Statements – Continued

Both of the government-wide financial statements report functions of the Library that are principally supported by taxes and charges for services revenues (governmental activities). The governmental activities of the Library include the cultural function.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Library, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Library only maintains governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Library's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Library maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Bond Fund and the Capital Project Fund, which are considered major funds.

The Library adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison schedule for these funds has been provided to demonstrate compliance with this budget.

Management's Discussion and Analysis June 30, 2022

USING THIS ANNUAL REPORT – Continued

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Library, assets/deferred outflows exceeded liabilities/deferred inflows by \$2,703,081.

	Net Position	
	2022	2021
Current Assets	\$ 1,812,848	2,073,517
Capital Assets	4,008,748	4,050,154
Total Assets	5,821,596	6,123,671
Deferred Outflows	94,327	152,935
Total Assets/ Deferred Outflows	5,915,923	6,276,606
Long-Term Debt Outstanding	1,620,644	2,139,894
Other Liabilities	267,605	228,088
Total Liabilities	1,888,249	2,367,982
Deferred Inflows	1,324,593	1,165,002
Total Liabilities/Deferred Inflows	3,212,842	3,532,984
Net Position		
Investment in Capital Assets	2,233,748	2,090,154
Restricted	245,418	296,531
Unrestricted	223,915	356,937
Total Net Position	2,703,081	2,743,622

A large portion of the Library's net position, \$2,233,748 or 82.6 percent, reflects its investment in capital assets (for example, land, construction in progress, buildings and building improvements, electronics and equipment, furniture and fixtures, and books and material); less any related debt used to acquire those assets that are still outstanding. The Library uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion, \$245,418 or 9.1 percent, of the Library's net position represents resources that are subject to external restrictions on how they may be used. The remaining \$223,915 represents unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

	Change in Net Position	
	2022	2021
Revenues		
Program Revenues		
Charges for Services	\$ 23,659	15,150
Operating Grants/Contributions	11,687	20,418
Capital Grants/Contributions	57,112	27,106
General Revenues		
Property Taxes	1,839,743	1,751,499
Interest	1,460	13,074
Miscellaneous	11,046	13,914
Total Revenues	<u>1,944,707</u>	<u>1,841,161</u>
Expenses		
Culture and Recreation	1,910,689	1,779,884
Interest on Long-Term Debt	74,559	81,875
Total Expenses	<u>1,985,248</u>	<u>1,861,759</u>
Change in Net Position	(40,541)	(20,598)
Net Position-Beginning	<u>2,743,622</u>	<u>2,764,220</u>
Net Position-Ending	<u>2,703,081</u>	<u>2,743,622</u>

Net position of the Library's governmental activities decreased from \$2,743,622 to \$2,703,081.

Revenues of \$1,944,707 were less than expenses of \$1,985,248, resulting in the decrease to net position in the current year of \$40,541.

Governmental Activities

In the current year, governmental net position decreased \$40,541, a decrease of 1.5 percent. Property taxes increased \$88,244 over the prior year (\$1,839,743 in 2022 compared to \$1,751,499 in 2021) and culture and recreation expenses increased \$130,805 (\$1,910,689 in 2022 compared to \$1,779,884 in 2021).

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

Governmental Activities – Continued

The following table graphically depicts the major revenue sources of the Library. It depicts very clearly the reliance of property taxes to fund governmental activities.

Revenues by Source - Governmental Activities

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues. The public library generally does not charge user fees for services provided which furthermore signifies the Library's reliance on general revenues such as property taxes to fund operations.

Expenses and Program Revenues - Governmental Activities

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Library uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Library's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the governmental funds reported combined ending fund balances of \$884,869 which is 23.9 percent lower than last year's ending fund balance of \$1,162,589.

In the current year, governmental fund balances decreased by \$277,720. The General Fund reported a decrease of \$225,991, due primarily to an increase in culture and recreation expenditures. The Bond Fund reported an increase of \$34,928 due primarily to taxes levied and collected for the 2014 Bond issue, approved by voters in a November 2014 referendum. The Capital Project Fund reported a decrease of \$86,657, due primarily to expenditures of \$93,589.

GENERAL FUND BUDGETARY HIGHLIGHTS

During the year, no supplemental amendments were made to the budget for the General Fund.

The General Fund actual revenues were higher than budgeted revenues. Actual revenues for the current year were \$1,642,672 compared to budgeted revenues of \$1,630,676. This resulted primarily from property taxes and fines and fees being over budget by \$7,562 and \$8,372, respectively.

The General Fund actual expenditures were higher than budgeted expenditures. Actual expenditures totaled \$1,868,663, while budgeted expenditures totaled \$1,644,524. This was due primarily to the administrative function being \$212,550 over budget for the fiscal year.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The Library's investment in capital assets for its governmental activities as of June 30, 2022 was \$4,008,748 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and building improvements, electronics and equipment, furniture and fixtures, and books and material.

	Capital Assets - Net of Depreciation	
	2022	2021
Land	\$ 205,500	205,500
Constuction in Progress	20,258	-
Buildings and Building Improvements	3,349,341	3,466,743
Electronics and Equipment	85,512	18,554
Furniture and Fixtures	209,690	224,668
Books and Material	138,447	134,689
Total	<u>4,008,748</u>	<u>4,050,154</u>

This year's additions to capital assets included additions to:

Constuction in Progress	\$ 20,258
Electronics and Equipment	88,570
Books and Material	<u>42,497</u>
	<u>151,325</u>

Additional information on the Library's capital assets can be found in Note 3 of this report.

Debt Administration

At year-end, the Library had total governmental debt outstanding of \$1,775,000 compared to \$1,960,000 the previous year. The decrease in debt outstanding is due to principal payment of \$185,000 in the current fiscal year.

Additional information on the Library's long-term debt can be found in Note 3 of this report.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

In FY2022-2023 The Library continues with it's strategic planning process. Although the plan was completed this fiscal year by Library Administration and the Library Board Planning and Goals Committee, strategic planning is a fluid process and continues to grow and develop as new projects become priorities and as we continue to face pandemic-related service challenges. The Library continues to offer a hybrid mix of programming but has largely returned to in person programming for adults (and in many cases for children.)

The Library has made significant progress this year in the creation and approval of policies – not only those related to finance and prudent investment, but also policies that impact staff morale and streamline employee/employer relationships. The Personnel Policy (Employee Handbook was finalized by Library Administration and the Library Board's Policy and Personnel Committee and distributed to all employees.) This policy meets all legal standards and provides comprehensive, clear guidelines and standards and explains pay scales, increase protocols, and describes the Library's priority to provide fair and competitive compensation.

While the Library had added staff to fulfill its mission and execute strategic planning these positions are largely part time, and the overall census of full-time management positions has been reduced.

Usage statistics continue to indicate robust use of library resources, programs, and spaces and the library has added staff to work exclusively in community partnerships which has further cemented our relationship with various businesses, philanthropic organizations, not for profit organizations and other Districts. We plan to focus on developing additional resources to promote early literacy and explore additional opportunities for outreach and partnership with schools and community organizations.

This year the Library established a marketing committee and our social media presence has increased dramatically. There is now dedicated staff to maintain and encourage this community interaction. New in the last fiscal year was the establishment of marketing and fundraising plan. The Library also established a grant writing committee. The Library is ready to launch a new website in the early 2022 spring.

Our Fundraising activities have greatly impacted the library as have various grant writing initiatives.

The Library resumed passport processing activities which is another source of revenue and there are plans to add vehicle registration services in the spring of 2022.

FY 2022-2023 goals include ongoing improvements to the library facility and grounds, including HVAC upgrades, elevator repair, and additional enhancements to the outdoor areas. We are participating in several State grant competitions which if successful, will allow a more aggressive approach to building improvements/additions. Preventive maintenance for the building and equipment and a significant reconfiguring/redesign of our technology infrastructure are also a focus to ensure that we continue to provide quality services and facilities for our taxpayers.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Management's Discussion and Analysis June 30, 2022

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES – Continued

At this time, it appears that the Library's tax levy and infusion of State grant funds are sufficient to support Library operations.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Library's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Library Director, Heather E. Shlah, Lemont Public Library District, 50 East Wend Street, Lemont, Illinois 60439.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities - Governmental Activities**

For the Fiscal Year Ended June 30, 2022

Net Change in Fund Balances \$ (277,720)

Amounts reported in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	151,325
Depreciation Expense	(192,731)

The net effect of deferred outflows (inflows) of resources related to the pensions
not reported in the funds.

Change in Deferred Items - IMRF	(237,325)
---------------------------------	-----------

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Change in Compensated Absences Payable	5,217
Change in Net Pension Liability - IMRF	325,077
Retirement of Debt	185,000

Changes to accrued interest on long-term debt in the Statement of Activities
does not require the use of current financial resources and, therefore, are not
reported as expenditures in the governmental funds.

<u>616</u>

Changes in Net Position

<u><u>(40,541)</u></u>

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Lemont Public Library District (Library) of Illinois provides services to the residents of Lemont, Illinois. The Library is governed by a seven-member board which is elected by the public. The Library has the power to levy taxes, which are included as part of the library's total tax levy.

REPORTING ENTITY

In determining the financial reporting entity, the Library complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Library. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The Library's basic financial statements include both government-wide (reporting the Library as a whole) and fund financial statements (reporting the Library's major funds). The Library only reports governmental activities.

In the government-wide Statement of Net Position, the governmental activities are (a) presented on a consolidated basis, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The Library's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The Library first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Library's functions. The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property taxes, certain intergovernmental revenues, interest, etc.).

This government-wide focus is more on the sustainability of the Library as an entity and the change in the Library's net position resulting from the current year's activities.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Library:

General fund is the general operating fund of the Library. It accounts for all revenues and expenditures of the Library which are not accounted for in other funds. The General Fund is a major fund.

Debt service funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Bond Fund is treated as a major fund and is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Library maintains one major capital projects fund. Funding is generally from excess fund transfers from the General Fund. The Capital Project Fund is used to account for future capital improvements at the Library.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental funds are presented using the economic resources measurement focus as defined below. In the fund financial statements, the “current financial resources” measurement focus is utilized.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Measurement Focus – Continued

The accounting objectives of the “economic resources” measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Library recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For purpose of the Statement of Net Position, the Library's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Library categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the Library's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

**Notes to the Financial Statements
June 30, 2022**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Capital Assets

Capital assets purchased or acquired with an original cost of more than \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Library as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings and Building Improvements	20 - 45 Years
Electronics and Equipment	5 - 20 Years
Furniture and Fixtures	5 - 20 Years
Books and Material	7 Years

Compensated Absences

The Library accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

**Notes to the Financial Statements
June 30, 2022**

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The Library follows these procedures in establishing the budgetary data reflected in the financial statements:

- The Library Director submits to the Board of Trustees a proposed operating budget resolution, which serves as a budget for the fiscal year commencing the following July 1. The operating budget resolution includes proposed expenditures and the means of financing them.
- Budget hearing is conducted prior to the passing of the Budget and Appropriation Ordinance.
- The budget is legally enacted through passage of an ordinance no later than the September board meeting.
- The budget may be amended by the Board of Trustees. No supplemental appropriations were made in the current fiscal year.
- Budgets are adopted on a basis consistent with generally accepted accounting principles.

The legal level of control (level of which expenditures may not exceed appropriations) is the fund. All Appropriations lapse at year end continued until the passage of the Budget and Appropriation Ordinance in the following fiscal year.

EXCESS OF ACTUAL EXPENDITURE OVER BUDGET IN INDIVIDUAL FUND

The following fund had an excess of actual expenditures over budget as of the date of this report:

<u>Fund</u>	<u>Excess</u>
General	\$ 224,139

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Library maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the Library's funds.

Permitted Deposits and Investments – Statutes authorize the Library to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and Illinois Funds.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, which is the price for which the investment could be sold.

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk

Deposits. At year-end, the carrying amount of the Library's deposits totaled \$873,646 and the bank balances totaled \$881,055. Additionally, at year-end, the Library has \$76,842 invested in the Illinois Funds, which has an average maturity of less than one year.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Library's investment policy states that investments will be made only in money markets, savings accounts, Illinois Funds, certificates of deposits and repurchase agreements. The Library's investment policy does not specifically limit the maximum maturity length of investments.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Library's investment policy does not mitigate credit risk. At year-end, the Library's investment in the Illinois Funds was rated AAAM by Standard & Poor's.

Concentration Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the Library's investment in a single issuer. The Library's investment policy does not mitigate concentration risk. At year-end, the Library does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Library's deposits may not be returned to it. The Library's investment policy does not mitigate custodial credit risk. At year-end, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Library will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. At year-end, the Library's investments in the Illinois Funds are not subject to custodial credit risk.

PROPERTY TAXES

Property taxes for the 2021 levy attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Cook County and are collected in two installments in March and September and tax bills are prepared by DuPage County and are collected in two installments in June and September. The County collects such taxes and remits them periodically.

CAPITAL ASSETS

Governmental Activities

Governmental capital asset activity for the year was as follows:

	Beginning Balances	Increases	Decreases	Ending Balances
Nondepreciable Capital Assets				
Land	\$ 205,500	-	-	205,500
Constuction in Progress	-	20,258	-	20,258
	<u>205,500</u>	<u>20,258</u>	<u>-</u>	<u>225,758</u>
Depreciable Capital Assets

CAPITAL ASSETS – Continued

Depreciation expense of \$192,731 was charged to the culture and recreation function.

LONG-TERM DEBT

General Obligation Bonds

The Library issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the Library. General obligation bonds currently outstanding are as follows:

Issue	Beginning Balances	Issuances	Retirements	Ending Balances
General Obligation Library Bonds of 2015 (\$2,800,000) due in annual installments of \$155,000 to \$255,000 plus interest at 3.00% to 4.00% through December 1, 2029.	\$ 1,960,000	-	185,000	1,775,000

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

Type of Debt	Beginning Balances	Additions	Deductions	Ending Balances	Amounts Due within One Year
Compensated Absences	\$ 28,894	5,217	10,434	23,677	4,735
Net Pension Liability - IMRF	341,779	-	325,077	16,702	-
General Obligation Bonds	1,960,000	-	185,000	1,775,000	190,000

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

LONG-TERM DEBT – Continued

NET INVESTMENT IN CAPITAL ASSETS

Net investment in capital assets was comprised of the following as of June 30, 2021:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 4,008,748
Less Capital Related Debt:	
General Obligation Bonds	<u>(1,775,000)</u>
Net Investment in Capital Assets	<u><u>2,233,748</u></u>

FUND BALANCE CLASSIFICATIONS

In the governmental funds financial statements, the Library considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Library first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available. The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

	General	Debt Service Bond	Capital Projects	Totals
Fund Balances				
Restricted				
Debt Service	\$ -	259,590	-	259,590
Capital Project	-	-	27,245	27,245
	<u>-</u>	<u>259,590</u>	<u>27,245</u>	<u>286,835</u>
Unassigned	<u>633,534</u>	<u>-</u>	<u>-</u>	<u>633,534</u>
Total Fund Balances	<u><u>633,534</u></u>	<u><u>259,590</u></u>	<u><u>27,245</u></u>	<u><u>920,369</u></u>

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

FUND BALANCE CLASSIFICATIONS - Continued

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Trustees' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The Library's highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The Library's policy manual states that the General Fund should maintain a minimum fund balance equal to no less than three months and no more than nine months of budgeted operating expenditures.

NOTE 4 – OTHER INFORMATION

CONTINGENT LIABILITIES

Litigation

The Library is not a defendant in any lawsuits.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Library expects such amounts, if any, to be immaterial.

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

Notes to the Financial Statements June 30, 2022

NOTE 4 – OTHER INFORMATION – Continued

RISK MANAGEMENT

The Library is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Library's employees. These risks are provided for through insurance from private insurance companies. The Library currently reports all its risk management activities in the General Fund. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

The Library contributes to one defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Illinois Municipal Retirement Fund (IMRF)

Plan Descriptions

Plan Administration. All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Illinois Municipal Retirement Fund (IMRF) – Continued

Plan Description – Continued

Benefits Provided – Continued. Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2021, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	22
Inactive Plan Members Entitled to but not yet Receiving Benefits	35
Active Plan Members	<u>15</u>
Total	<u><u>72</u></u>

Contributions. As set by statute, the Library’s Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the fiscal year-ended June 30, 2022, the Library’s contribution was 13.82% of covered payroll.

Net Pension Liability. The Library’s net pension liability was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Plan Description – Continued

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2021, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	2.85% - 13.75%
Cost of Living Adjustments	2.25%
Inflation	2.25%

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

LEMONT PUBLIC LIBRARY DISTRICT, ILLINOIS

**Notes to the Financial Statements
June 30, 2022**

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement Fund (IMRF) – Continued

Plan Description – Continued

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	25.00%	(0.60%)
Domestic Equities	39.00%	1.90%
International Equities	15.00%	3.15%
Real Estate	10.00%	3.30%
Blended	10.00%	1.70% - 5.50%
Cash and Cash Equivalents	1.00%	(0.90%)

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Library contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the net pension liability/(asset) of the Library calculated using the discount rate as well as what the Library’s net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net Pension Liability/(Asset)	\$ 507,293	16,702	(384,330)

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the Library recognized pension revenue of \$17,815. At June 30, 2022, the Library reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Totals
Differences Between Expected and Actual Experience	\$ 48,991	-	48,991
Changes in Assumptions	-	(1,106)	(1,106)
Net difference between projected and actual Earnings on Pension Plan Investments	-	(462,461)	(462,461)
Total Expenses to be Recognized in Future Periods	48,991	(463,567)	(414,576)
Pension Contributions Made Subsequent to the Measurement Date	45,336	-	45,336
Total Deferred Amounts Related to IMRF	94,327	(463,567)	(369,240)

\$45,336 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2023.

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions – Continued

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

<u>Fiscal Year</u>	<u>Net Deferred (Inflows) of Resources</u>
2023	\$ (66,551)
2024	(161,740)
2025	(115,650)
2026	(70,635)
Thereafter	-
Total	<u>(414,576)</u>

POST-EMPLOYMENT BENEFITS

The Library has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the Library are required to pay 100% of the current premium. Based upon a review of census data and plan provisions, as well as minimal utilization rates, it has been determined that any liability is immaterial to the financial statements in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions*. Additionally, the Library provides no explicit benefit. Therefore, the Library has not recorded a liability as of June 30, 2022.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such schedules include:

- Budgetary Comparison Schedules – Major Governmental Funds

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

DEBT SERVICE FUND

The Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Bond Fund

The Bond Fund is used to accumulate property tax monies for the Library's general obligation library bonds (Series 2015) for payment of the principal and interest on governmental debt.

CAPITAL PROJECTS FUND

The Capital Projects Funds are used to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary and Trust Funds.

Capital Project Fund

The Capital Project Fund is used to account for future capital improvements at the Library.
